

LIPTON TO BUILD THREE MORE YACHTS.

SIR THOMAS LIPTON

New York, Feb. 25.—Word has been received that Sir Thomas Lipton is considering the building of three yachts, each by a different designer, and each constructed upon different lines, for the purpose of getting as a challenger the fastest yacht possible to produce in the United Kingdom.

He has under consideration a set of drawings from the board of Linton Hope. This is a racing machine of the most exaggerated type. Alfred Mylne and Geo. Barnett, the latter successor to the late Geo. L. Watson, will submit designs on more conservative lines.

Lipton will make his fourth trial the effort of his life. Expense cuts no figure in his calculations. He wants the cup, and if it is possible for Englishman, Irishman or Scotchman to create a racer fast enough to conquer the product of the "Wizard of Bristol," Lipton will have it.

Some Floridians in the Public Eye.

Somewhat Early.
Rumor has it that Hon. W. J. Hillman, the big naval stores magnate, will be a candidate for governor to succeed Hon. Napoleon B. Broward. Mr. Hillman is a man of ability, and he may be suitable gubernatorial timber, but is it not rather early to commence the campaign of 1908?—Palm Beach Times-Herald.

Broward's Successor.
Captain Hillman, General Gilchrist and others are being spoken of by the press as suitable timber to succeed Gov. Broward four years hence. This is too early. The echoes of the last campaign are yet ringing in the ears of the disaffected voters. Pray let us have a rest and in the meantime, let's build a few miles of good roads.—Jacksonville Times-Union.

Gunby Gets Another Plum.
Hon. E. R. Gunby seems to "stand in" with the various administrations at Tallahassee. Colonel Gunby, although a Republican leader, sometimes received from Governor Jennings, appointment to the important post of notary public.

Saturday last, Colonel Gunby received notice that Governor Broward had been even more kind to him, having designated him as a member of his military staff, with the title of Colonel. The perquisites of this high office consist of the privilege of paying for an expensive uniform and of being called "Colonel" without doing violence to military dignity.—Tampa Tribune.

Does it not seem a little strange to the average reader that a Democratic Governor should appoint a rank Republican on his staff? The Record was a supporter of our present executive and is still his administration, yet isn't this appointment of Mr. Gunby a "sorter funny proceeding"?—Barrow Record.

Broward and The Everglades.
The survey of the Everglades and Lake Okechobee, which is now nearing completion under the auspices of our enterprising Governor, Broward, is calculated to surprise and astonish not only the citizens of Florida, but the eighty odd millions of the population of the United States. Vast sums are being spent by the government of the United States for the purpose of irrigating the arid sands of the Western States to develop and bring them under cultivation.

The object is praiseworthy, but here we have seven million acres of land that only need canal drainage to make them exceptionally productive. There are no engineering feats required for this purpose, for there is a fall of twenty feet approximately, in a distance of about fifty miles. Sufficient sugar cane can be raised to supply the whole country. In some portions of this territory cane is in existence which was planted eighteen years ago. Years ago a canal was cut at St. Cloud, a few miles from Kissimmee, which shows ten to fifteen feet of at-

lert soil. On the banks of this canal wild millet grows eight feet high, which is cut down with a McCormick reaper, and carried into barnyards in the vicinity and fed indiscriminately to horses, mules and cows.

It is estimated that the alluvial soil of the Everglades can be sold for fertilizing purposes at from \$5 to \$10 per ton, and in course of time relieve the people of the state of taxation. We are not optimistic, we are stating facts, and facts are stubborn things. Gov. Broward is carrying out his pledges to the letter, and should receive the full meed of praise therefor, and the undivided support of Floridians. His efforts will give us a degree of prosperity from means within home production, unparalleled in the history of the state.—Jacksonville Times-Union.

The Man of 1908.
A Miami correspondent of the Live Oak Democrat nominates Hon. R. H. Burdett for Governor in 1908. He says that "as the question of next Governor has been raised so early would like to say to my Suwannee friends that South Dade will furnish the man who will be called to the office of Governor of our fair state from 1908 to 1912."

Broward Keeping His Word.
Governor Broward has begun to fulfill his anti-election promises regarding the reclaiming of the Everglades. It is his purpose to fight any movement looking to the giving of the land to the railroads. Messrs. Jennings, Bryan and Cockrell have been employed in the case, and the fight promises to be stubbornly contested.—Palm Beach Times-Herald.

The Elder Mallory.
Kansas has presented to the government a statue of John J. Ingalls, which was recently placed in statutory hall with appropriate ceremonies. Two years ago the Palatka Times-Herald proposed that Florida pay a like tribute to the memory of Senator S. R. Mallory, who represented this state in the senate before the war and was subsequently secretary of the Confederate navy. The suggestion was endorsed by the state press and while a bill to that effect was introduced in the legislature owing to the closing hours of the session it did not pass. The late Senator Mallory was the foremost figure in our history and we trust the next legislature may complete the work so gracefully inaugurated by our Palatka contemporary.—Leesburg Commercial.

Characteristic Public Spirit.
With characteristic public spirit the DeFuniak Springs Breeze has issued invitations to a Business Men's banquet, to be given at the Brown House, in that town, Tuesday night, in honor of the fourteenth anniversary of the establishment of the paper. The Breeze is a live and progressive journal, and it and its editor have done more to influence and induce immigra-

tion to Walton county than any other factor. The banquet is to be given in appreciation of the business given by the business men of the town to the paper.—Jacksonville Times-Union.

Needless to State.
The Florida Press Association will meet next month in Lake City. It is needless to state that Editor "Tommy" Appleyard will see to it that the newspaper boys are given the time of their lives.—Palm Beach Times-Herald.

What One Month Proved.
While in office but one month, Gov. Broward has already proved conclusively that he is capable, in every respect, of handling the state affairs in a manner most satisfactory. Gov. Broward is a level-headed man, is the governor of all the people, a man who is conscientious in what he does and will do his duty as he sees it regardless of party affiliation. He has already accomplished much good since his inauguration, and the appointments he has made over the state have met the approval of all the people. All praise the name of Gov. Broward!—Jasper News.

Making Himself Felt.
Congressman Lamar, of the Third Florida District, is getting his name into the big headlines of all the northern papers. He won the distinction by not being afraid of Littlefield, of Maine. For these many years it has been the rule for new members to sit quietly in the back seats and allow the veterans to do all the talking and the business. Lamar, having Judge Swaine's case in his hands, violated the traditions and declined to shut up under the displeasure of the members from Maine. He was right. If the old hands at the bellows in Washington were really all they think they are none of them would ever be turned down by their home people.—Tampa Times.

Stockton Gets Contract.
The Board of Public Works Thursday afternoon gave the paving of city streets to J. N. C. Stockton, as the lowest responsible bidder, and we believe the board, under the circumstances, did the proper thing. Mr. Stockton is a prominent citizen of Jacksonville, and perfectly responsible for his contracts. No one doubts his ability to do the work satisfactorily to all concerned. Besides this he is one of the five home men bidding for the work. Any of them would have been acceptable to the taxpayers. There is no use in the world of going else where to get people to come here who can do it just as well. These men are taxpayers, and devoted to the city, and the Metropolis is glad a home man got the contract.—Jacksonville Metropolis.

HEADACHES AND NEURALGIA FROM COLDS.
Laxative Bromo Quinine, the world wide Cold and Grip remedy, removes the cause. Call for the full name and look for signature of E. W. Grove, 25c.

Take Courage!

If you are naturally not as strong as your more fortunate sisters, and for this reason experience dread rather than joy at the prospect of becoming a mother, take courage and assurance from this fact: Mother's Friend is meant for you, and by its use you may pass through that glorious martyrdom which is yours by divine right with no more discomfort than that experienced by those who by nature are possibly more adapted for the role of motherhood.

MOTHER'S FRIEND

is a liniment of proven merit, and its great worth can be no better attested to than by the countless strong and healthy children who through its kindly offices have entered this world unhandicapped by any deformity or weakness. It is a liniment which by external application acts upon the abdominal muscles and permits of a painless parturition.

PALM BEACH, THE MAGIC MECCA OF THE MILLIONAIRE

NEW YORK HERALD TELLS ITS ATTRACTIONS AND BEAUTIES. NONE BUT THE RICH CAN GO THERE, BUT THEY GET EVERYTHING THEY WANT.

(New York Herald.)

Some few years ago one had to ask just where Palm Beach stood on the geographical map. The name suggested a place balmy and tropical, but a long way off. That was before the day when Monsieur and Madame America rolled in fabulous riches, and finally went mad on the subject of travel. Palm Beach was then a little spot on the map called Lake Worth—in reality a primitive hotel—that was reached by a long journey from Northern Florida by boat. There are still many residents of the state who remember how they laughed in their sleeves when Henry M. Flagler proposed building a railway through the jungle. They now laugh at the recollection of their own doubts, but never at any scheme which Mr. Flagler dares to suggest. His latest dream is to construct a railroad over shallow water from the mainland of Florida to Key West. Old inhabitants of this section do not believe it is possible for this project toward fostering trade with Cuba to be carried out, yet they cannot forget the past, and there is an impression that this remarkable man can accomplish miracles when he once sets his will to a thing.

Now no one wonders where Palm Beach is; every one knows. The name in this day stands for fashion, a "little Monte Carlo," live pigeon shoots, surf bathing in midwinter, expensive clothes, ideal water course for motor boat racing, coconut trees, and a horseshoe island.

The season at Palm Beach is always short, but is extremely gay while it lasts. The height of this is during Lent, with Washington's Birthday marking the most conspicuous "crush." When a traveler from the North drops in here early in the year and learns that the largest resort hotel in the world, the Royal Poinciana, does not open its door until the middle of January, he cannot see how the enterprise can possibly pay. He becomes a harping pessimist, while about one thousand employees are working like bees toward providing for the comfort of the crowd that is to come. If the stranger remains until the house is full, as well as the Breakers Hotel and the hotel cottages, he gets a pencil and figures that the enterprise must be taking in something like fifteen thousand dollars a day, which sum, with all expenses deducted, must leave a profit after all, when stretching over a period of six paying weeks. Then the pessimist begins to realize that he still has something to learn.

But real pleasure is not for him anywhere. He is too practical and calculating. It is for those who throw care aside and go in for sports, the case

What Shall We Have for Dessert?

This is an important daily question. Let us answer it to-day. Try

Jell-O,

America's most popular dessert. Received Highest Award, Gold Medal, World's Fair, St. Louis, 1904. Everything in the package; add boiling water and set to cool. Flavors: Lemon, Orange, Raspberry, Strawberry, Chocolate and Cherry. Order a package of each flavor from your grocer to-day. 10c.

Pabst Blue Ribbon Bottle Beer,

has no equal. Sold everywhere.

S. A. Friedman Wholesale Distributor.

Leader in Imported Wines and Liquors.

PHONE 178. No. 331 SOUTH PALAFOX ST. PENSACOLA, FLA.

CROUP

Begin with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently over the throat.

Mrs. A. Villet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c.

LEGAL ADVERTISEMENTS.

Escambia County Circuit Court, State of Florida—Morris Bear vs. Geo. S. Wells—Attachment.

The defendant, Geo. S. Wells, and all other persons interested, are required to appear to this suit which is begun by attachment on or before the 6th day of March, A. D. 1905. C. H. Laney, Attorney for Plaintiff. dec40aw12w

NOTICE.

Notice is hereby given to all whom it may concern, that we, the undersigned, shall apply to the Honorable C. B. Parkhill, Judge of the First Judicial Circuit of Florida, on Monday, the 27th day of March, A. D. 1905 at 10 a. m., or as soon thereafter as we may be heard, for a charter (not for profit) of incorporation of a religious society to be incorporated under the name of "First Christ Church, Scientist, in Pensacola, Florida." The general object of said corporation is to establish and maintain a Christian Science Church at Pensacola, Florida, for ourselves and all others who may become members thereof in the manner prescribed by the Charter and the By-Laws to be enacted thereunder. The membership of said Church to be composed of those who accept the "Bible" and "Science and Health with Key to the Scriptures" by Rev. Mary Baker

C. Eddy, (with other works by its author) as their only text books. The proposed charter is now on file in the office of the Clerk of the Circuit Court of Escambia County, Florida, reference thereto being hereby had.

Signed at Pensacola, Florida, on the 24th day of February, A. D. 1905. Miss Kate McCord Smith, Pensacola, Florida.

Mrs. Catherine B. Chandler, Pensacola, Florida.

Mrs. Mary A. Spencer, Pensacola, Florida.

Mrs. Mary R. Moore, Pensacola, Florida.

Mrs. Ione Bell, Pensacola, Florida.

Miss Zadee Adams, Pensacola, Florida.

Ida.
